

Written Modelling Report

If not submitted by the due date and time, please give reasons to support an extension for submission (and attach appropriate documentation). Request for extensions should be made in advance and require the submission of a request for special consideration.

- We have carefully read, understood, and have considered all requirements and guidelines for this assignment provided in the subject outline and on Canvas.
- We affirm that this assignment is our own work; and that it has not been previously submitted for assessment; that all material which is quoted is accurately indicated as such; and that we have acknowledged all sources used fully and accurately according to the guidelines given in the subject guide.
- We are fully aware that failure to comply with these requirements is a form of cheating and could result in disciplinary action.

Please put in all group members information here and sign the form
